How Lyra works

- **Getting started is easy**
  Member shares what they are dealing with through a confidential care assessment, they receive care recommendations, and book an appointment. Lyra members waste less time looking for care and spend more time feeling better.

- **High-quality care that works**
  Lyra is dedicated to offering the best care possible and supporting only treatments that are the most effective at relieving symptoms, typically within a short period of time.

- **The best coaches, therapists and physicians available nationwide**
  Our providers are ready to meet members where they are — via live video, live messaging, or even in-person. Many use digital lessons and exercises to enhance your care experience between sessions.
